

Accessibility Plan 2017 - 2020

The Purpose of this Plan

This plan shows how Rounds Green Primary School aim to increase the accessibility of their schools for disabled pupils, staff, parents/carers and visitors.

Definition of disability

A person has a disability if he/she has a physical or mental impairment that has a substantial and long-term adverse effect on his/her ability to carry out normal day-to-day activities.

Contextual Information

Rounds Green Primary was built in 1910. It is on one level with a small flight of stairs leading to the playing field. Access to the playing fields for disabled pupils is via Florence Road and we are currently looking to develop this further. Rounds Green is fully accessible and complies with all current legal requirements.

- Wheelchair ramps built to improve access to the main front and rear entrances.
- Two fully equipped disabled lavatories.
- The school is equipped with wide, wheelchair friendly doors.

The assembly/dinner halls are fully accessible and comply with all current legal requirements.

Current Range of known disabilities

Rounds Green has children with a range of disabilities which include moderate and specific learning disabilities and complex medical conditions.

Across the school there is a small number of pupils who have a hearing impairment or a visual impairment.

Areas of planning responsibilities:

1. Increasing access for disabled pupils to the school curriculum (this includes teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or school visits).
2. Improving access to the physical environment of schools (this includes improvements to the physical environment of the school and physical aids to access education).
3. Improving the delivery of written information to disabled pupils (this will include planning to make written information that is normally provided by the school to its pupils available to disabled pupils). The information should take account of pupils' disabilities and pupils' and parents' preferred formats and be made available within a reasonable timeframe.

1. Increasing access for disabled pupils to the school curriculum.

Improving teaching and learning lies at the heart of the ethos of the school. Through self-review, staff appraisal and Continuous Professional Development (CPD), we aim to enhance staff knowledge, skills and understanding to promote excellent teaching and learning for all children. We aim to meet every child's needs within mostly mixed ability (with some setting where appropriate), inclusive classes.

It is a core value of our school that all children are enabled to participate fully in the broader life of the school. Consequently, all children have always been permitted to attend age relevant after school clubs, leisure and cultural activities and educational visits.
